more information at www.vscht.cz

3. Use of the campsite

The camp base is mainly used for the following activities:

- school-wide events (competitions, seminars, introductory and sports courses, etc.),
- events organized by individual faculties and parts of the university,
- other activities organized by staff or students,
- recreation of employees, students and their family members or friends,
- commercial use within the free capacity (children's camps, recreation, training, seminars, sports and social events for other interested individuals and legal entities).

4. Booking and payment

- Booking is to be made through the Reservation Office of the Management Department belonging to the Administration of University Facilities of UCT Prague.

phone: 220 447 206, 220 447 126,

e - mail: recreation.suz@vscht.cz or recreation@vscht-suz.cz

- Payments for the stay are usually made via an invoice issued on the basis of the stay reservation. Payment is due before the start of the stay (payment after the end of the accommodation is possible only after prior agreement with the reservation department).
- The local additional fee for the stay is to be paid after arrival in accordance with the currently effective legal regulation of the Běstvína municipality (it is also possible to pay the fee via bank transfer after prior agreement with the Reservation Department).

5. Basic instructions for accommodation

- The start of the stay is realised every day from 14.00 till 18.00, stay termination then until 10.00 (exceptions are possible after agreement with the manager).
- Boarding/starting the stay shall take place after presenting your ID cards and confirming the realisation of the payment for the given stay (in case of groups, these documents and lists of persons shall be submitted by their manager or head).

- The manager will hand over the allocated accommodation facilities to the guests, provide the appropriate number of bed linen and acquaint the guests with the operation of the camp.
- At the camp base, there are quiet hours from 22:00 to 06:00 (exceptions can be allowed after mutual agreement with the manager).
- All facilities and equipment of the camp base are the property of the operator and without the knowledge of the manager it is forbidden to use this inventory or move it in any other way than intended.
- Camp fires are only allowed in designated places where permanent fireplaces are set up.
- Free camping outside the accommodation facilities is possible only after agreement with the manager and only in designated places.
- In the event of any damage, the manager of the camp base shall make a record recognising the obligation of the person/s concerned to compensate for the damage they caused, including a proposal how to resolve it.
- The stay of animals is possible only with the prior consent of the manager.
- Parking is possible in reserved parking areas exclusively.
- Smoking is forbidden in all of the buildings.
- At the end of the stay, guests shall perform essential cleaning of the accommodation units and hand over all the borrowed inventory, including bed linen, to the manager.

approved on: 30. 1. 2020

Ing. Stanislav Starý

Note:

The camp base is the subject of gradual and complete reconstruction. This process is divided into several stages and will gradually involve all the buildings, sports fields and other related areas.
